

EMBRACE ENVIRONMENT

Embrace Cooperation

Ltd offers:

Tailor made nature / outdoor sessions for local community groups & schools run by nature conservation professionals of Embrace.

Activities for schools can be curriculum or non-curriculum based.

Practical natural activities:

Practical conservation habitat creation and dead hedge creation workshop.

Wildlife survey activities:

- Plant ID quiz – This can be a fun after school activity or a class workshop.
- Flower survey – Exploring impact of humans
- Insect survey – Exploring insect diversity in trees.
- Tree ID quiz – This can be fun way of learning tree names.
- Geographic-biological fieldwork – Learn how to use compass / maps and develop an identification key

Nature media workshops:

- Nature photography workshops
- Nature filmmaking workshops
